Lower Court Reversed On Appeal

Little Rock, Nov. 5.—(AP)—The state Supreme Court today reversed a lower court decision in the case of Reynolds Jr. to set aside sale of the company's land in the Village Creek drainage district.

The court said that Reynolds' allegations of Grossley excessive taxation were dismissed by the district court's decision to deny the defendants' demand to be tried by a jury. The trial court had sustained the demurrer and dismissed the complaint. Reynolds' appeal was ordered to overrule the lower court's decision.

Reynolds was a minor at the time the lots on which the drainage district was located were sold and approximately 10 years ago. Reynolds, who lives in the Village Creek drainage district because of delinquent taxes imposed on the district, the high court held he was entitled to bring suit, as he did, to set aside the sale. Within three years after he reached the majority, Reynolds charged that in addition to the sale of the lots, Reynolds and his two sons, a 25 per cent interest in the company's land, together with \$5 attorneys' fees, \$3000 a year's cost and six per cent interest on the balance of the company's fees were allowed against Reynolds and his sons. Reynolds and his sons were involved in the uncompleted sale of the land.

Reynolds' appeal was directed to the Supreme Court. Reynolds' attorneys, Florence Haralson, who was the attorney for Reynolds, and the drainage district and H. K. Robbins, Roy Atkinson and J. L. Robbins, Jr. were involved in the uncompleted sale.

Judgment of \$2,000 and foreclosure of a chattel mortgage on property in machinery and equipment owned by J. W. Shackleford against Reynolds and his sons was reversed. A writ of habeas corpus was granted to Reynolds and his sons. Reynolds' appeal was affirmed by the supreme court. Reynolds' appeal was affirmed by the supreme court. Higgins May Resume Under Another Name

By STAN OPOWOSKY

New Orleans, Nov. 5.—(UP)—Andrew W. Higgins said today that he was having a "distinct possibility" of his continuing postwar operations in New Orleans, which he emphasized, "under another name."

The first indication that the boat designer may resume work under here came as union leaders sought to bring Higgins' postwar operations into both management and labor. Higgins' postwar operations, which he said, "were closed" \$10,000,000. Higgins' postwar operations, which he said, "were closed" \$10,000,000. BABY DIES AS TENT BURNS

Benton, Nov. 6.—(AP)—Gloria Green, 23 months old, was burned fatally as fire broke out in a tent in which she was sleeping near here yesterday.

The child was left asleep in the tent while her grandmother went to a store to buy groceries. The tent was believed to have caught fire from burning logs at the nearby camp.

The child was the daughter of Mrs. and Mr. Loren Trout of Benton.

The Postal Savings System was instituted in 1910.

Says Millions of People Only Half Alive?

A man now in Los Angeles, but formerly a world-renowned traveling geographer, honored by leading geographical societies, reveals the story of a remarkable discovery that often leads to almost unbelievable improvement in power of mind, achievement of brilliant business and professional success and happiness and peace of mind.

He claims that millions of people are only half alive, that the drive to live is a constant struggle, and that the only way to achieve the fullness of life is to follow the path of the "Golden Rule."

Everybody's asking... "When can I get new tires?"

HERE'S THE FIRST POSTWAR NEWS ABOUT U. S. ROYALS

When can I get new tires? It won't be long now. War production is over. The entire facilities of our 5 giant plants are rolling out tires and tubes 100% for civilian use.

This great production capacity is devoted to turning out more tires for you than any other time in our history.

By January 1, 1946 we expect to be turning out more tires than we ever built before.

What about rationing? We expect the government to continue rationing for at least 60 days. Present indications are it will be removed or greatly relaxed before the end of 1945.

How good will the new tires be? Since Pearl Harbor, "U. S." scientists have made as much progress in applying synthetic materials to tire manufacture as has been made in the previous three decades with natural rubber.

When you buy your U. S. Royals, you'll buy more than just a good tire—you'll buy a great tire. Car owners are sending us reports from every section of the country that they are getting prewar performance and better from their U. S. Royals.

From tire dealers, tire service men and tire engineers, men who have made their life work, the evidence piles up—U. S. Royals are
